

A firefighter wearing a high-visibility orange and blue uniform and gloves is using a power tool, likely a reciprocating saw, to cut through a damaged metal body panel of a vehicle. The panel is heavily crumpled and bent. The firefighter's tool is orange and black, with a battery pack visible. The background shows the interior of the vehicle, including a seat and door panel.

SHARP EDGE PROTECTION KIT

★ SHARP EDGE KIT

The FRSA Sharp Edge Kit consists of the following components:

- 1 x Carry Bag

Carry Bag/Staging Mat

Carry Bag made from 600 Denier Cordura nylon with RipStop material. White screen printing on the front with FRSA or customer specific logo and the wording Sharp Edge Kit. The Firetrim reflective tape to provide a degree of reflectivity at night. Carry Handle with two adjustable straps & double adjustable side release buckles for easing opening & closing of the carry bag. On the inside of the carry bag are three Velcro strips to secure the bag closed & an A5 plastic sleeve for notepads or contents listing.

Sharp Edge Covers (A/B Pillars)

A/B Pillar Sharp Edge Covers made from 600 Denier Cordura nylon with RipStop material. FRSA reflective logo on one side, a strip of Firetrim reflective tape on the other to provide day & night visibility, a Velcro strap to tighten around the pillar & a Natural Rare Earth Magnet to keep secure on the pillar or metal object.
4 x Sharp Edge Covers (A/B Pillars)

Sharp Edge Covers (C Pillars)

C Pillar Sharp Edge Covers made from 600 Denier Cordura nylon with RipStop material. FRSA reflective logo on one side, a strip of Firetrim reflective tape on the other to provide day & night visibility, Velcro strap to tighten around the pillar & a Natural Rare Earth Magnet to keep secure on the pillar or metal object.
2 x Sharp Edge Covers (C Pillars)

Blanket Covers M&L Sized

The Blanket Covers made from 600 Denier Cordura nylon with RipStop material. One side will be blank as this traditionally would be the downward facing side of the blanket cover. The top side will too have 2 x reflective FRSA logos, two strips of a high visibility yellow stitched fabric with multiple Natural Rare Earth Magnets.
4 x Medium Sized Blanket Covers
2 x Large Sized Blanket Covers
