De-Wipe

PRODUCT DATA SHEET

DE-WIPE HAIR & BODY WASH

DESCRIPTION

Harnessing the same cancer-fighting power as our scientifically proven after fire wipes, De-Wipe Hair & Body Wash is the only scientific solution formulated to wash carcinogenic toxins in soot and smoke from your hair, scalp and body, leaving you clean, invigorated and odour-free.

Everyday shampoo and shower gel is designed to leave you feeling clean and fresh. However – similar to using baby wipes instead of after fire wipes – its well-established that harmful carcinogens cannot be removed using standard products; they cling onto hair and skin so as you're only appearing to be clean.

- **Scientifically Formulated & Proven**

Key ingredient eliminates harmful dioxins and polycyclic aromatic hydrocarbons (PAHs) present in soot, dirt and smoke.

- **Wash Away the Risk**

Wash carcinogenic toxins in soot and smoke from your hair, scalp and body, leaving you clean, invigorated and odour-free

- **Fight Cross Contamination**

Shower within the hour and be certain you've rid your hair and body of harmful toxins before they have chance to absorb or contaminate your home.

- **Designed for Every Hair & Skin Type**

De-Wipe Hair & Body Wash is available in 4 litre bottles, is cruelty free and designed for every hair and skin type. De-Wipe can also supply a convenient dispenser.
