

Holmatro OmniShore Basic Vehicle & Structural Shoring - OmniLock Set VS-OS1

Exceptional Shoring Power | Ready to Secure Safety

Product Overview

OmniLock set for vehicle stabilization and basic spot shores. With expansion sets also suitable for lifting and high directionals. The patented OmniLock system allows you to automatically follow and lock a load in both directions.

OmniLock: Full Control with Less Manpower

- No one needs to be near a moving load – Monitor and operate the OmniLock struts from a distance
- Auto-follow has your back – OmniLock automatically follows and locks a load in both directions
- Less people needed – Control multiple OmniLock struts simultaneously with the Wireless Controller

Designed to Save Weight and Space on Your Truck

- One single system for all shoring operations
- Build any application with a system of only six different struts
- Construct lengths up to 17 ft / 5.2 m with only five different struts
- No fixed length extensions needed – Each strut also functions as an extension pipe

Quick and Easy Setup

- Every strut can be connected to every other strut thanks to the patented Trident Coupler
- Each accessory fits on both ends of all the struts
- No accurate measurement needed – Two connected struts offer you twice the plunger stroke
- Easy alignment of struts – The angle of OmniLock struts is shown on the Wireless Controller

Maximum Safety

- Extend or retract an OmniLock strut remotely with instant stepless lock should the primary system fail
- All strut combinations are allowed and safe – The patented Trident Coupler only allows you to connect two struts max
- Strongest struts in the market – Rigorously tested in multiple setups
- Holmatro developed OmniShore according to the criteria of testing used by FEMA's US&R Structures Sub Group to evaluate similar type shoring

Holmatro OmniShore Basic Vehicle & Structural Shoring - OmniLock Set VS-OS1

Exceptional Shoring Power | Ready to Secure Safety

Specifications

Article number	151.004.156
Model	VS-OS1
Short description	Basic Vehicle & Structural Shoring – OmniLock Set

Set Components

Strut M10	2x	151.001.601
OmniLock Strut P30OL	2x	151.004.142
OmniLock Strut P40OL	2x	151.004.143
Swivel Base BPL10	2x	151.002.194
Swivel Base D-ring BPL11A	2x	151.002.213
Multi Head HPL140	2x	151.004.176
Chain Adapter HPL110	2x	151.004.154
Ratchet Belt RBL80	3x	151.002.326
Shoring Hammer RS15	2x	151.004.109
Chain CWH60	1x	151.002.313

Expansion Sets

Hydraulic Lifting Set – Hand Pump HLHS1	151.004.164
Monopod Accessory Set MAS1	151.004.171
Bipod Accessory Set BAS1	151.004.172
Tripod Accessory Set TAS1	151.004.173

Required Accessories

Battery PBPA287	151.000.583
Battery Charger PBCH1 (AC-EU)	151.000.629
Battery Charger PBCH4 (AC-JP)	151.000.630
Battery Charger PBCH5 (AC-UK)	151.000.631
Battery Charger PBCH3 (DC)	151.000.632
Battery Charger PBCH2 (AC-US)	151.000.742
Battery Charger PBCH6 (AC-KR)	151.001.209
Battery Charger PBCH7 (AC-CN)	151.001.518
Battery Charger PBCH8 (AC-IN)	151.001.519
Battery PBPA287 (CN)	151.001.854
Power Station PS01	151.002.244
OmniLock Drive OL02	151.002.361
Wireless Controller WLC50	151.004.101
