

# Holmatro Battery Charger PBCH7 (AC-CN)

Intelligent Charging For Up To Six Batteries

## Product Overview

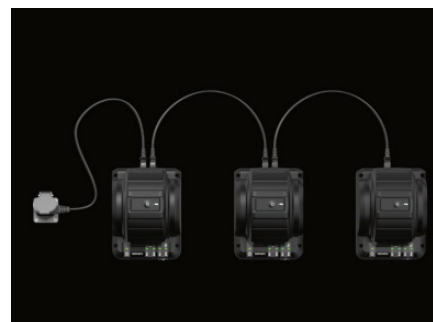

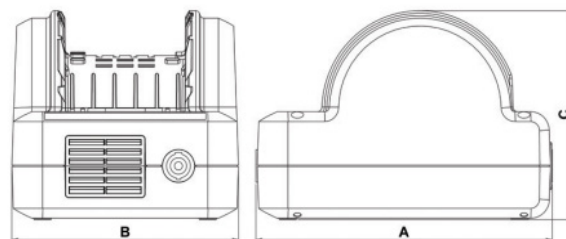

- Holmatro Pentheon Battery Charger PBCH7, AC version. Power cord equipped with plug type “B”. Suitable for charging Holmatro PBPA batteries, which power Pentheon tools and OmniLock shoring equipment.

## Key Features

- **Realtime diagnostics:** Provides direct feedback on the battery’s temperature, state of charge and state of health.
- **Simultaneous charging of 3 batteries possible:** Three chargers can be connected to be powered from one outlet.
- **Suitable for on-tool battery charging:**  
Connect your tool to the charger and charge the battery while it remains on the tool.  
The battery on the tool always has priority over the one on the charger, which will resume charging when the battery on the tool is 100% full.  
With 3 chargers and 3 tools connected to one power outlet, a total of 6 batteries can be charged without any management!
