

# Holmatro OmniShore OmniLock Drive OL02

Exceptional Shoring Power | Ready to Secure Safety

## Product Overview

OmniLock Drive for electronic operation of an OmniLock strut.

Operate the strut remotely with the Wireless Controller or use the buttons on the OmniLock Drive to operate the strut locally.

## OmniLock: Full Control With Less Manpower

- No one needs to be near a moving load – Monitor and operate the OmniLock struts from a distance
- Auto-follow has your back – OmniLock automatically follows and locks a load in both directions
- Less people needed – Control multiple OmniLock struts simultaneously with the Wireless Controller

## Maximum Safety

- Extend or retract an OmniLock strut remotely with instant stepless lock should the primary system fail

Specifications		
Article number		151.002.361
Model		OL02
Short description		OmniLock Drive
Weight, ready for use	kg	4.1
Dimensions (AxBxC)	mm	228 x 189 x 130
