

Holmatro

Ram Support HRS 22 NCT

Wider Ram Support

Product Overview

Specially designed for use on the rocker channels and B-pillars of new model cars.

Key Features

- **Wider ram support:** for wider door sills and B-pillars of new model cars
- **Teeth provide grip:** ensures that the ram support will not slip or tilt, also perfect for use on smaller sills and B-pillars of older model cars
- **Can be used in different orientations:** vertical position in small door opening, horizontal position in large door opening
- **Bars with profile ensuring that the ram always stays centrally positioned:** prevents tilting of ram
- **Contains various positioning bars:** for different ramming angles
- **Can be used with all Holmatro rams**

Specifications		
Article number		150.003.105
Model		HRS 22 NCT
Short description		Ram Support
Max. load	kN/t	235 / 24
Weight, ready for use	kg	14.9
Dimensions (AxBxC)	mm	450 x 280 x 150
