

# Holmatro OmniShore

## Wireless Controller WLC50

Exceptional Shoring Power | Ready to Secure Safety

### Product Overview

Wireless Controller for remote operation of multiple OmniLock struts.

### OmniLock: Full Control With Less Manpower

- No one needs to be near a moving load – Monitor and operate the OmniLock struts from a distance
- Auto-follow has your back – OmniLock automatically follows and locks a load in both directions
- Less people needed – Control multiple OmniLock struts simultaneously with the Wireless Controller

### Maximum Safety

- Extend or retract an OmniLock strut remotely with instant stepless lock should the primary system fail

Specifications		
Article number		151.004.101
Model		WLC50
Short description		Wireless Controller
Weight, ready for use	kg	0.8
Dimensions (AxBxC)	mm	291 x 182 x 59
